

**SHERWOOD LAKE ASSOCIATION  
LAKE MAINTENANCE REPORT  
JUNE 2018**

All of our fountains are working properly. Mother Nature with several rains has helped us with the algae bloom in our lake due. The water is looking very good.

We encourage bulkhead replacement or repair if needed. A properly working structure not only adds value to your property, but it keeps your yard from eroding into the lake. After yesterday's heavy rain I removed several pieces of bulkhead boards that floated away from someone's yard.

A special note of Thanks to the property owners and or their lawn crews for attempts to bag or blow clippings from the storm drains which flow into our lake.

*Please continue to clean up any trash that may be floating by your property.*  
*A Tremendous Thank You to the neighbors who lend a hand at keeping our lake looking good..*

**GOALS FOR 2018**

1. Encourage Christmas decorations along the bulkheads and streets. **Cazes**
2. Reduce nuisance animal populations. (Ducks, beaver, and nutria). **Hays & Cazes**
3. Sample lake water two times (July and Oct.). **Cazes. (Delayed due to LSU test lab)**
4. Evaluate effectiveness of the pilot aerator. **Cazes & Hayes. On-going.**
5. **Continue efforts to encourage residents to repair and/or install bulkheads. Cazes, Edwards, Hayes**
6. Continue contracting for lake cleaning. **Cazes. On-going.**
7. Check into lake finger cleaning options.
