

**SHERWOOD LAKE ASSOCIATION  
LAKE MAINTENANCE REPORT  
MARCH 2022**

**All 5 of our fountains are working properly.**

**I am happy to report multiple wood duck sightings in the past week. These birds are truly beautiful to watch as they swim around in our lake.**

**We encourage bulkhead replacement or repair if needed. A properly working structure not only adds value to your property, but it keeps your yard from eroding into the lake and makes it harder for the nutria to live there.**

**Please inform your lawn crews that any trash blown into the storm drains goes directly into the lake with the first heavy rainfall!!**

**Be careful when applying lawn fertilizers, that they are not easily washed into the lake. City and University lakes are a prime example of algae bloom due to excessive fertilizer.**

***Please continue to clean up any trash that may be floating by your property.  
Thank You to our neighbors who lend a hand at keeping our lake looking beautiful!***

**GOALS FOR 2022**

- 1. Encourage Christmas decorations along the bulkheads and streets.  
Cazes**
- 2. Reduce nuisance animal populations. (Ducks, beaver, and nutria).  
Hayes & Cazes**
- 3. Find a person to clean floating debris from the lake.**
- 4. Continue efforts to encourage residents to repair and/or install bulkheads. Cazes, Hayes**
- 5. Craft and install several wood duck nesting boxes around the lake.  
(Replacement of previous locations). Cazes & Hayes**

**Jim Cazes  
Lake Chairman**
