

# SHERWOOD LAKE ASSOCIATION LAKE MAINTENANCE REPORT

SEPTEMBER 2022

Fountain #4 next to the Retirement Village has had a new motor installed. All five of our fountains are currently working properly. The lake is down almost a foot due to the rain free past month, but showers are anticipated later this week.

We encourage bulkhead replacement or repair if needed. A properly working structure not only adds value to your property, but it keeps your yard from eroding into the lake and makes it harder for the nutria to live there. **We now have an additional, more competitive contractor for bulkheads if you are thinking of replacing yours. Please contact me at 225-229-5971.**

**Please inform your lawn crews that any trash blown into the storm drains goes directly into the lake with the first heavy rainfall!!**

*Please continue to clean up any trash that may be floating by your property. Thank You to our neighbors who lend a hand at keeping our lake looking beautiful!*

## **GOALS FOR 2022**

1. Encourage Christmas decorations along the bulkheads and streets. Cazes
2. Reduce nuisance animal populations. (Ducks, beaver, and nutria). Hayes & Cazes
3. Find a person to clean floating debris from the lake.
4. Continue efforts to encourage residents to repair and/or install bulkheads. Cazes, Hayes
5. Craft and install several wood duck nesting boxes around the lake. (Replacement of previous locations). Cazes & Hayes

**Jim Cazes  
Lake Chairman**
