

**SHERWOOD LAKE ASSOCIATION  
LAKE MAINTENANCE REPORT  
OCTOBER 2020**

**A new fountain was installed this past month near the ZZ property. The new lights on fountain 1 were also installed. We now have all of our five fountains working properly.**

**We encourage bulkhead replacement or repair if needed. A properly working structure not only adds value to your property, but it keeps your yard from eroding into the lake and makes it harder for the nutria to live there.**

**Please inform your lawn crews that any trash blown into the storm drains goes directly into the lake with the first heavy rainfall!!**

**Be careful when applying lawn fertilizers, that they are not easily washed into the lake. City and University lakes are a prime example of algae bloom due to excessive fertilizer.**

***Please continue to clean up any trash that may be floating by your property.  
Thank You to our neighbors who lend a hand at keeping our lake looking beautiful!***

**GOALS FOR 2020**

- 1. Encourage Christmas decorations along the bulkheads and streets. Cazes**
- 2. Reduce nuisance animal populations. (Ducks, beaver, and nutria). Hays & Cazes**
- 3. Sample lake water two times (July and Oct.). Cazes. (Delayed due to LSU test lab)**
- 4. Continue efforts to encourage residents to repair and/or install bulkheads. Cazes, Edwards, Hayes**
- 5. Continue contracting for lake cleaning. Cazes. On-going.**
- 6. Check into lake finger cleaning options.**

**Jim Cazes  
Lake Chairman**
